

## Thank You Giant Steps!

I came to you just two years-old,  
A toddler both quiet and shy,  
I leave you now a big bouncing boy,  
With dreams bigger than the sky.

I'll miss you all and my friends,  
This is very true,  
But my future is bright and exciting,  
And much of that is down to you.

You tied my shoes & buttoned my coat,  
And wiped away my tears,  
You read to me and sang with me,  
And guided me through my fears.

When Mum dropped me off at 9am,  
Or sometimes a little after,  
She could leave for work confident,  
My day would be filled with laughter.

I know at times your job is hard,  
And your praise often goes unsung,  
Please know my Mummy is eternally grateful,  
For how you've loved and cherished her son.

So thanks to all the angels,  
Who work with Giant Steps,  
And blessings to all the children,  
Who are lucky to have you next!
